Track 10 Gravity Pulls Me Down

Gravity pulls me down
Gravity pulls me down
What was that?
An apple dropped on my head
What makes it fall?
"That's gravity," Mr. Newton said
Gravity pulls me down
And it keeps me on the ground
So I don't float around
Gravity pulls me down
Why can't I fly? And sail across the sky
I jump, jump, jump,
but down I come each time

The wind lifts me off the ground
And twirls me around

Track 17

Watch Me Grow

Watch me grow
Sometimes fast, sometimes very, very slow
I may be just a sprout
But I have no doubt
I will grow, grow, grow
Sun and water
Is all I need
To grow up
From my tiny little seed

Track 18

Camouflage

Camouflage, camouflage,
camouflage, camouflage
You can't find me
I wear a disguise
That makes me disappear
Before your eyes
I'm camouflage, camouflage
I walk like a stick
Stiff and straight
That's the trick
To be a walking stick
I rock side to side
Like a leaf in the wind
So bend your neck
And be a leaf insect
Put your hands together
Say a prayer
Blow a kiss
And be a praying mantis

Track 19

I Need a Tissue

My nose is runnin' all around
AH-CHOO! What a big big sound
I've got to catch it, it won't stop
I must be sick, I need the doc
Doctor, what is wrong with me?
I don't feel good, can't you see?
AH-CHOO, I need a tissue
AH-CHOO, I need a tissue
La la lala
La la la la
"Little one, you must lay down"
The doctor said with a frown
It's no time to run around
Now go to bed without a sound
My nose is runnin' all around
AH-CHOO! What a big big sound
AH-CHOO, I think I have the flu
AAAAHHHHH-CHOOOOO

Track 20
