

QUICK PEEK: MATERIALS
INTRODUCED THIS WEEK

Many games, projects and art supplies are included in the Daily Discovery Bags. Use this chart to see which hands-on materials are featured day-by-day.

		COMMUNITY CHALLENGE	LANGUAGE/ LITERACY	MATH AND REASONING	CREATIVE ARTS	MUSIC AND MOVEMENT	STEAM STATIONS	RECOMMENDED BOOKS	
LESSON 1		SUN The sun is hot and can burn our skin. It rises in the morning and sets in the evening. The sun is like a flashlight and gives us light. The sun is made of every color mixed together, which appears white to our eyes. The sun makes shadows.	Moving Sun SED 4 Social Relationships	Rainbow Names PD 2 Fine Motor 	Sunny Shapes ★ MR 5 Patterns 	Sun & Moon PD 2 Fine Motor 	Sun in the Sky PD 1 Gross Motor 	Building Shade SCI 1 Investigation & Inquiry 	What Will the Weather Be Like Today? LLD 6 Reading Comprehension 
LESSON 2		WIND Wind is air that can move things. We can create wind with our breath by blowing out air. We can't see wind, but we can feel it. Wind can be strong or gentle.	Making Wind SED 2 Self-Regulation	Windy Letter ★ LLD 5 Concepts of Print 	Ordering Kites LLD 1 Listening 	Wind SED 3 Attention & Persistence 	Wind Moves Me PD 1 Gross Motor	Fan Experiment SCI 4 Technology 	Sun Up, Sun Down LLD 6 Reading Comprehension 
LESSON 3		CLOUDS Clouds are droplets of water; when a cloud gets too heavy, it will rain. There are different types of clouds: cirrus are thin and wispy, cumulus are white and puffy (they don't carry rain) and nimbus clouds are gray and heavy with rain.	Cloud Connections SED 4 Social Relationships	Weather Journal SED 1 Self-Awareness 	Counting Clouds SED 3 Attention & Persistence 	Cloudy Art PD 2 Fine Motor 	Cloud Shapes PD 1 Gross Motor	Heavy Clouds ★ SCI 1 Investigation & Inquiry 	It Looked Like Spilt Milk LLD 6 Reading Comprehension 
LESSON 4		SNOW Snow is cold and made of frozen water. All snowflakes have six points, but each one has a unique pattern. When we walk in snow, it can make marks or tracks. A heavy snowstorm is called a blizzard. Snow can be light and fluffy, or it can be heavy and wet.	Melting Ice SED 4 Social Relationships	Ice Cube Coloring LLD 7 Writing 	Rolling Snowballs PD 2 Fine Motor	Tie-Dye Snowflake ★ SCI 3 Physical Science 	Count the Snowflakes MR 1 Number Sense	Snow Dough SCI 1 Investigation & Inquiry 	The Snowy Day LLD 6 Reading Comprehension 
LESSON 5		RAINBOWS Rainbows occur when there is both rain and sun. Every rainbow has a specific order of seven colors: red, orange, yellow, green, blue, indigo and violet. Rainbows often form an arch in the sky.	Community Umbrella SED 1 Self-Awareness	What's Different? LLD 2 Communication 	Rainbow Bears MR 6 Classification 	Rainbow Sculpture PD 2 Fine Motor 	Drip Drop Rain ★ CA 1 Music	Rainbow CDs SCI 4 Technology 	The Cloud Book LLD 6 Reading Comprehension 

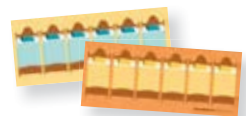

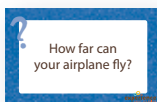

QUICK PEEK: MATERIALS
INTRODUCED THIS WEEK

Many games, projects and art supplies are included in the Daily Discovery Bags. Use this chart to see which hands-on materials are featured day-by-day.

		COMMUNITY CHALLENGE	LANGUAGE/ LITERACY	MATH AND REASONING	CREATIVE ARTS	MUSIC AND MOVEMENT	SEE MEMBER RESOURCES FOR PRINTABLE POSTERS STEAM STATIONS	BOOKS ARE NOT INCLUDED, FIND AT LIBRARY RECOMMENDED BOOKS	
LESSON 6		SUMMER Summer is a season that usually has warm or hot weather. We may see flowers, green trees and insects. Summer can be very colorful. We wear clothing such as shorts, sandals and bathing suits during this time.	Summer Colors SED 4 Social Relationships	Counting Petals LLD 2 Communication 	Matching Weather SED 3 Attention & Persistence 	Cherry Tree MR 3 Shapes 	Summertime Dance CA 2 Dance & Movement 	Gourd Discovery ★ PD 2 Fine Motor 	Little Tree LLD 6 Reading Comprehension 
LESSON 7		AUTUMN Autumn is a season in which the weather and plants begin to change. Leaves change color and begin to fall. Animals know winter is coming and start preparing.	Hide & Seek Leaves SED 4 Social Relationships	I See LLD 5 Concepts of Print 	Losing Leaves ★ MR 1 Number Sense 	Fall Leaves CA 3 Visual Arts 	Squirrel, Squirrel CA 2 Dance & Movement	Rainy Sponges SCI 2 Natural & Earth Science 	Sky Tree LLD 6 Reading Comprehension 
LESSON 8		WINTER Winter is a season that is usually cold and has snowfall. We wear warmer clothes, such as sweaters and mittens. In some areas, it is darker in the winter and the days are shorter. Some animals hibernate and survive the winter by sleeping.	Community Snowflake SED 4 Social Relationships	Crystal Letters LLD 7 Writing 	Bear Math Stories MR 1 Number Sense 	Snowstorm PD 2 Fine Motor 	Snow Is Falling CA 2 Dance & Movement	Frozen in Ice SCI 4 Technology 	Does a Bear Wear a Hat in the Winter? ★ LLD 5 Concepts of Print 
LESSON 9		SPRING Spring is a season in which the snow starts to melt as the air becomes warmer. We may see plants budding and hear birds chirping. Animals are waking up from sleeping through the winter. It is often rainy during spring.	Wake Up, Spring! ★ SED 2 Self-Regulation 	Go Spring! LLD 2 Communication 	Design a Puzzle MR 2 Spatial Awareness 	Flower Puppet PD 2 Fine Motor 	Baby Bear Wakes Up LLD 1 Listening	Planting Station SCI 2 Natural & Earth Science 	Bear in Sunshine LLD 6 Reading Comprehension 
LESSON 10		SEASONAL CLOTHING Each season, we wear different clothes depending on the weather. Clothes and accessories, such as sunglasses, umbrellas or coats can protect us from certain weather conditions.	Dress for the Weather SED 4 Social Relationships	N Is for No LLD 7 Writing 	Dress the Bear ★ MR 2 Spatial Awareness 	Sunglasses CA 4 Drama 	Wet and Dry CA 2 Dance & Movement	Zips, Snaps & Gears SCI 4 Technology 	Little Cloud LLD 6 Reading Comprehension 

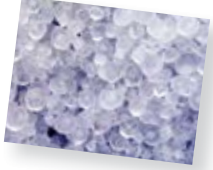

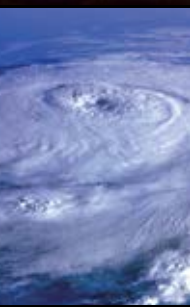

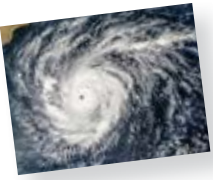

QUICK PEEK: MATERIALS
INTRODUCED THIS WEEK

Many games, projects and art supplies are included in the Daily Discovery Bags. Use this chart to see which hands-on materials are featured day-by-day.

		COMMUNITY CHALLENGE	LANGUAGE/ LITERACY	MATH AND REASONING	CREATIVE ARTS	MUSIC AND MOVEMENT	SEE MEMBER RESOURCES FOR PRINTABLE POSTERS 	BOOKS ARE NOT INCLUDED, FIND AT LIBRARY RECOMMENDED BOOKS	
LESSON 11		CHANGING LEAVES As autumn progresses, leaves get less sunlight and stop making food (chlorophyll, the green color) to prepare for the winter. Without the production of chlorophyll, leaves begin to show red, yellow, orange or tan. The stems of the leaves weaken and they fall.	Colorful Community Leaf SED 2 Self-Regulation 	Nature Leaves LLD 4 Alphabetic Knowledge 	Numbered Leaves MR 1 Number Sense 	Leaf Creatures ★ MR 2 Spatial Awareness 	Leaves Fall Down CA 2 Dance & Movement 	Leaf Rubbings SCI 2 Natural & Earth Science 	Leaf Man LLD 6 Reading Comprehension 
LESSON 12		DAYLIGHT & DARKNESS There is light during the day and darkness at night. Earth completes a full rotation once a day (24 hours). In the summer, the top of the earth tilts toward the sun and daylight lasts longer. In the winter, the earth tilts away from the sun and we have less daylight.	One Day of Spinning! SED 4 Social Relationships 	Shine a Light ★ LLD 3 Phonological Awareness 	Counting Stars PD 2 Fine Motor 	N Is for Nights LLD 7 Writing 	Daylight Dance CA 2 Dance & Movement	Star Constellations SCI 4 Technology 	Bear Waits for Morning LLD 6 Reading Comprehension 
LESSON 13		HIBERNATION Different animals sleep for long periods during the winter months. This is called hibernation. A hibernating animal's breathing and heart rate slow down. Many animals sleep in a protected home, such as a den.	Sleeping Bears SED 2 Self-Regulation	Race to the Cave LLD 4 Alphabetic Knowledge 	How Many Are Sleeping? ★ MR 1 Number Sense 	Bear Den CA 4 Drama 	Are You Sleeping? CA 2 Dance & Movement	Nature Habitats SCI 2 Natural & Earth Science 	Bear Has a Story to Tell LLD 6 Reading Comprehension 
LESSON 14		MIGRATION Some animals move to different places in the winter months. They search for warmer weather and better homes. Birds fly south in a “V” formation. Other animals, such as moose, salmon, sea turtles and butterflies, migrate too.	V Formation SED 4 Social Relationships	Moving Animals ★ SS 3 Geography 	Rainbow Patterning MR 5 Patterns 	Butterfly Wand CA 4 Drama 	Migrate LLD 1 Listening	Paper Airplane Experiment SCI 4 Technology 	We're Going on a Bear Hunt LLD 6 Reading Comprehension 
LESSON 15		METEOROLOGIST Meteorologists are people who study weather conditions. They help predict the weather, including possible storms. They use pictures to show different types of weather. A thermometer indicates temperature.	Classroom Weather Book SED 1 Self-Awareness	Bear Weather SED 4 Social Relationships 	More or Less? ★ MR 7 Logic & Reasoning	Weather Wheel SCI 2 Natural & Earth Science 	A Reason to Dance SED 4 Social Relationships	Windmill Design SCI 4 Technology 	Skip through the Seasons LLD 6 Reading Comprehension 

QUICK PEEK: MATERIALS
INTRODUCED THIS WEEK

Many games, projects and art supplies are included in the Daily Discovery Bags. Use this chart to see which hands-on materials are featured day by day.

					MATH AND REASONING	CREATIVE ARTS	MUSIC AND MOVEMENT	STEAM STATIONS <small>SEE MEMBER RESOURCES FOR PRINTABLE POSTERS</small>	RECOMMENDED BOOKS <small>BOOKS ARE NOT INCLUDED, FIND AT LIBRARY</small>
LESSON 16		THUNDERSTORM We can hear thunder and see lightning. Thunder is the sound we hear when lightning strikes and the air around the bolt moves very quickly. We use umbrellas when it is raining or storming outside.	Patience Bracelets SED 1 Self-Awareness 	Lightning Letters LLD 4 Alphabetic Knowledge	All-Day Storm MR 5 Patterns	Thunder Shaker ★ CA 1 Music 	Thunderstorm PD 1 Gross Motor 	Static Electricity SCI 4 Technology 	Thunder-Boomer! LLD 6 Reading Comprehension 
LESSON 17		HAIL Hail is made up of ice balls that fall from clouds. They can be as small as beans or as large as golf balls. Hail can create loud sounds when hitting objects.	Hail Balls! SED 4 Social Relationships	My Postcard LLD 7 Writing 	Counting Hail ★ MR 1 Number Sense	Hail SCI 3 Physical Science 	Hail Bounce CA 2 Dance & Movement	Rolling Hail SCI 3 Physical Science 	Thunder Cake LLD 6 Reading Comprehension 
LESSON 18		TORNADO Tornadoes occur when warm and cold air start to rotate and twist together. Usually a tornado is not able to be seen until it starts picking up dirt and debris that form a visible, funnel-like vortex.	Twisters SED 2 Self-Regulation	Twisting to Letters LLD 4 Alphabetic Knowledge 	Cutting Twisters ★ PD 2 Fine Motor	Tornado Twirler SED 4 Social Relationships 	Tornado PD 1 Gross Motor	Tornado Bottle SCI 2 Natural & Earth Science 	Oh Say Can You Say What's the Weather Today? LLD 6 Reading Comprehension 
LESSON 19		HURRICANE Hurricanes are tropical storms that have strong winds and heavy rain. People call the center of the hurricane the "eye of the storm." The center of a hurricane is calm. When viewed from space, hurricanes can look like swirl marks.	Eye of the Hurricane SED 2 Self-Regulation	Letter U Paper LLD 7 Writing 	Strong House! ★ MR 7 Logic & Reasoning	Hurricane PD 2 Fine Motor 	Little Hurricane LLD 1 Listening	Hurricane Disaster SCI 3 Physical Science 	Cloudy with a Chance of Meatballs LLD 6 Reading Comprehension 
LESSON 20		FLOOD A flood occurs when there is suddenly a lot of water with no place to go. Floods happen all over the world. Causes of floods include hurricanes, rapidly thawing snow and heavy rain. A flood can occur in minutes, hours, days or over several weeks.	Moving Like Water SED 4 Social Relationships	Raindrop Writing LLD 7 Writing 	Sink or Float? ★ SCI 1 Investigation & Inquiry	My Portfolio SED 1 Self-Awareness 	Changing Seasons PD 1 Gross Motor	Flooding Bowls SCI 2 Natural & Earth Science 	When the Storm Comes LLD 6 Reading Comprehension
