

# Daily Schedule

A daily routine can help children feel safe and confident so they can learn and take risks throughout the day. Recommended times to integrate the various types of Experience Toddler activities are included. Use the times and order of this schedule as a guide to create your own that best meets the needs of the children in your program.

|            |                                |                                                                                       |
|------------|--------------------------------|---------------------------------------------------------------------------------------|
| 8:00 a.m.  | <b>Arrival &amp; Tabletops</b> |    |
